

CELEBRATE TOMATOES

In this era of jet-fresh vegetables—when your dinner may have more frequent flier miles than you do—there are precious few reminders of seasonality. The heirloom tomato is one of them.

Throughout August, the height of the season, we'll feature tomatoes all over our menus. Items like Golden Tomato Gazpacho, Seared Day Boat Scallops with Heirloom Tomato Consommé, Pan Seared Alaskan Halibut “BLT,” and Grilled Korobuta Pork Chop with Sweet Corn Spoonbread and Heirloom

Tomato Chutney.

Be sure to visit your favorite restaurant this month and celebrate the best of the season.
